POSSESSING THE GATES OF THE MONTHS

Understanding the Significance of the Months

Introduction

What you are about to read in this book will give you an understanding of the biblical calendar. This book contains useful information supported by the Holy Scriptures. It is not my intention to mislead anyone, but to show that our God, Yahweh, does not live in a box of our making. My intention is always to show Yeshua as the Messiah of Israel and of all the nations and peoples of the world. He is our soon-coming King and the King of the nations, who is the Glory of God declared daily by the stars in the firmament and all of creation. All the works of the hands of God declares His praise. I looked to the Holy Spirit to lead me when writing, and if there be any glory in this book, it is all His doing. TO GOD ALONE BE ALL THE GLORY!

God has scheduled to meet with us at the head of the month, on the day of the new moon and at the beginning of our months, among all other appointed times. (Numbers 28:11, 14b): "In the beginning of your months… every month throughout the months of the year." As we respond to this call, we are positioning ourselves to meet with God first and monthly to possess the gates of the months. Yeshua said, "Seek ye first the kingdom of God and His righteousness, and all other things shall be added unto you."

Whoever possesses the gate controls what happens within the month. Do you want to be in charge of every month and determine what happens to you each month? Then, you must meet with God first at the beginning of the month and give Him quality praise with your first fruit offerings at the gate— the entry point into each month. And everything else you need in the month shall be added unto you every day of the month and throughout your lifetime.

This is the blueprint for how and when God wants us to worship Him: "Behold, I am building a temple for the name of the Lord my God, to dedicate it to Him, to burn before Him sweet incense (praise and worship), for the continual showbread (meditation on the word), for the burnt offerings morning and evening [day and night], on the Sabbaths [weekly—Saturdays], on the New Moons [monthly], and the set feasts [annually] of the Lord our God. This is an ordinance forever to Israel. And the temple which I build will be great, for our God is greater than all gods." (2 Chronicles 2:4–5) We, as the "Temple of God," are to go to our "ALTAR/SECRET PLACE" before God to worship:

• Daily (8 prayer watches), • Weekly (every day—prayer and meditation; Sabbath to rest and reflect), • Monthly (at the new moon to feast and at the beginning of Roman/civil months to fast and pray), • Annually (during the feasts to celebrate). This is a sign of the greatness of our God above all other gods.

1. According to God's plan biblically, the month is lunar. It begins with the sighting of the new moon, a new beginning. The heavens, through the cycle of the moon, announce the newness of the month as the new moon appears. The new moon is the gate to the biblical month. It is a time to begin new ventures and start new projects afresh. Position yourself at the gate of the new moon to meet the God of second chances. Did you mess

up last month? The new moon is your moment for a second chance. Receive grace to right your wrongs each new month at the new moon in the name of Yeshua. Amen.

2. The moon has no light of its own but reflects the light of the sun. Jesus Christ, Yeshua, is the "Sun of Righteousness". As the new moon appears each month, and we position ourselves at the gate of each new moon, the month will reflect the light of Christ. And, the kingdom of God will reign over the days of our lives and all we do monthly. Amen 3. The slavery of the Israelites in Egypt was enforced by demonic gods. To end their 430 years of slavery, God judged those gods and changed the calendar. He instituted a new calendar in Exodus 12:2. When we possess the gates of the month at the beginning of the Roman calendar month, all idols linked with the months are judged, and their influences destroyed. We give God access to the month, and it becomes fully sanctified. We are released from captivity, slavery, and bondage to idols and empowered to enjoy the blessings of the month. This is how important the calendar is to God, and it should be to us. Possessing the gates of the month, is possessing the gate of time.

4. As we possess the gate of the new moon or month, both we and the land align with God's calendar so that His purposes may come to pass monthly. The kingdom of God comes, and His will is done on earth every month as it is in heaven.

5. This new calendar symbolized God's judgment on idols, and the destruction of the worship of the Egyptian sun god and other false gods, and made room for Israel to enter into authentic worship of the God of the universe; the God of Abraham. In the same way, as we possess the gates each month, we receive power to destroy idolatry and worship only God in spirit and in truth.

6. The end of slavery ushers in authentic worship. Each month is a time to enter into deeper intimacy with the Almighty God. As we position ourselves at the gate of the month on the first day and at the new moon, we are drawn closer to Him.

7. The first sighting of the new moon is the head of the month, known as Rosh Chodesh in Hebrew. It is a strategic time when the heavens open to release the blessings of the month. As we celebrate in prayer, meditation, and feasting with the Lord, we gain revelation for the new month and enter into the grace and anointing of the sons of Issachar, understanding the times and knowing what we and our nation ought to do.

8. Every month, God has special blessings for His people. He has scheduled the head of the month (new moon) as a time for meditation and celebration, when we meet Him and receive the blessings of the month. Through this, He activates our dominion mandate so we can live victoriously and maximize our potential throughout the month. The gate of the month is strategic. It is a strong day. I command the strength of the first to be activated in your life monthly at the new moon gate, in the name of Yeshua. Amen.

9. God wants to meet with us at the head, or gate of the month to begin each new month with us. Meeting with God at the start of every month is an act of honoring Him first by giving the first fruits of our time in special worship, and the first fruits of our income. It is a sign of seeking His Kingdom and righteousness first. As we do this, He provides all

we need throughout the month. All "other things are added unto us." He fills our barns with plenty and fights our battles. This is the key to living in God's favor and prosperity month by month. "Honor the LORD with thy substance, and with the first fruits of all thine increase: So, shall thy barns be filled with plenty, and thy presses shall burst out with new wine." (Proverbs 3:9–10)

10. Meeting with God at the beginning of our month is important to Him. We must also consider it important and keep it as a time and season of divine appointment with Yahweh.

11. There are special prayers associated with the beginning of the month, and the day of the new moon to unlock the month's blessings. These are accompanied by first fruits offerings and sacrifices, which become memorials before God throughout the month. When we face opposition or challenges, God remembers our offerings of time and money and delivers us from the enemy. I decree that you are delivered from all your enemies in the name of Yeshua. Amen.

1. "And if ye go to war in your land against the enemy that oppresseth you, then ye shall blow an alarm with the trumpets; and ye shall be remembered before the LORD your God, and ye shall be saved from your enemies. Also, in the day of your gladness, and in your solemn days, and in the beginnings of your months, ye shall blow with the trumpets over your burnt offerings, and over the sacrifices of your peace offerings; that they may be to you for a memorial before your God: I [am] the LORD your God." (Numbers 10:9– 10)

12. Months were originally called by their numerical positions in the year (1st, 2nd, 3rd, etc.), just like the days of the week, until the time of the Babylonian exile. The renaming of the months is part of the anti- Christ system to change the times and laws, according to Daniel 7:25. The months now named after various idols reflect the character of such idols, which negatively affects the identity of each month and how we receive our monthly blessings. If we are to receive all that God has for us monthly, we must break the dedications of the months to these idols and redeem them from such influences through beginning-of-month prayer, fasting, meditation, and feasting. There is a time to fast, and a time to feast.

13. We must understand God's plan for each month and pray strategically at the beginning of the month to redeem it from evil so that the will of God will prosper throughout the month.

14. To do this, it is recommended that we give God the first three days of the month—which is the tithe of the average month (10 percent of 30 days), as a time to fast, meditate, pray strategically, revoke the satanic dedication of the month, rededicate the month to God, renew covenant with Him, break bread, and proclaim His purposes over the month.

15. It is only after doing this that we can enjoy God's programmed redemptive gift for mankind each month and see the twelve kinds of fruits for the healing of nations,

produced by the tree of life month by month. Then, there shall be no more curse, according to Revelation 22:1–3.

16. To access these monthly blessings, we must meditate, celebrate, and feast with God at the head of each Hebraic month (new moon), and fast during the first three days of the Roman (civil) calendar months. This is God's plan through which He releases the blessings of the month. The Almighty God of the universe, Yahweh, has scheduled to meet you at the gate of each month. Welcome to the new month. Rosh Chodesh! Happy New Month.

17. In Genesis 1:14, God said, let there be lights in the firmament of the heavens... and let them be for signs (showing events, climate, weather, etc.) and seasons (revealing time and periods when people on the earth are supposed to do certain activities that pertain to the source of their lives), and for days and years (let these signs or stars be the agents that design the people's calendar on the earth).

18. Genesis 1:15 says, and let them (these stars and signs) be for lights (plural) in the firmament of the heavens to give light (singular) on the earth. Yeshua is the Light on the earth. The offspring of the word light in Hebrew means "revelation" or Hamashiac. The Hebrew word Hamashiac means "the Messiah of light." Jesus is called Yeshua Hamashiac. In Him was life, and the life was the light of men (John 1:4).

In the ministry of Jesus Christ, our Lord Yeshua, we see Him gathering the twelve apostles, who also represented the twelve sons of Jacob in the Old Testament. Each apostle, like the sons of Jacob, the tribes of Israel, was spiritually connected to a Zodiac sign (mazzaroth) or a star constellation in the sky.

In Matthew 5:14–16, Yeshua said we, His followers, are the light of the world. We are a city set on a hill; we shall not be hidden, we must shine. Daily and monthly, as the sun moves through each star constellation, so long as we are connected to Yeshua Hamashiac, our Messiah and our Light, may the heavens declare the glory of God over our lives and nation in the name of Yeshua.

God's day begins with the evening, and each day was created and commanded to declare His glory. "Day unto day pours forth speech, and night unto night reveals knowledge." How? By the numbers assigned to the days in the seven days of creation, by the specific things God created each day, by the Hebrew letters linked to the days, by the stars associated with each day (though named by man), and by the ordinances of the heavens. Events in the Bible that occurred on each day also speak. Every day, therefore, declares that it is time to praise God.

This is how the heavens declare the glory of Yahweh daily, monthly through the new moon, and yearly through the feasts. (Psalm 19:1–4)

It is time to arise and shine. From today, you are a city set on a hill; you will never be hidden again. No evil power will cover your glory. You will shine wherever you go.

Stars do not compete to shine. Once it is dark, they begin to shine. From this day, even in the darkest times of your life, I command you to shine the most. I retrieve your star from the coven of witches and wizards, and the hands of satanic destiny hijackers.

The star of Yeshua led the wise men to the manger with precious gifts of honor. In the name of Yeshua, your star will attract great and wise men to seek you out and honor you. Amen.

As you possess the gates of the months by praying with understanding, the astrologers, occult star gazers, monthly prognosticators, and diviners, who have been transmitting evil signals through the zodiac signs and manipulating the hosts of heaven through prognostication, sorcery, and witchcraft, will lose their influence. Then the twelve heavenly elements linked to the months and other heavenly bodies will begin to obey the command of Yahweh.

As the heavens and all their occupants declare the glory of God on the earth, the will of God will be done on earth as it is in heaven. His kingdom shall come through you into your space.

And so, we decree: Oh God, let Your will be done on earth as it is in heaven, in the name of Yeshua Hamashiac. Amen.

With gratitude to God, and a heart to pray strategically, Helen Naomi Ndidi Godswill-Solomon June 2025

Chapter One: The Overview

The month is a mystery and to fully unveil the mystery of each month, we must have a deep knowledge of the ordinances of heaven and what the stars in the sky are saying. The constellations follow a circular path around the sun in a year, and the moon travels the path every month. Twelve times a year, God arranged for the moon to go through a complete cycle that divides the year into twelve months. The word "month" comes from the same root as the word "moon". It takes the moon one month to complete a cycle; hence, each new month, according to God's calendar, begins with the appearance of the new moon.

As the sun, the moon, and the stars revolve, they declare the glory of God. Daily, they speak of the manifold blessings of God, and nightly they show knowledge of what the purposes of God are for mankind and the entire earth. Truly, their lines go to and fro the earth for all to hear. Their language is heard by all (Psalms 19:1–4). The stars are God's markers in the sky. God was so concerned that we align with His timing that He put signs up in the sky so we can easily see them. May the Lord give us eyes to see, in the name of Yeshua. Amen.

The first Hebrew month, Nisan (March/April), is the month of Passover. The Hebraic year begins with God's great redemptive act at the time of the exodus from Egypt, "This month shall be unto you the beginning of months: it shall be the first month of the year to you" (Exodus 12:2). The deliverance of Israel from Egypt was so important to God, that he had to change the times, and the calendar to commemorate it. The month of Nisan, which is our Roman calendar months of March/April, became the first month of the year.

Our deliverance is important to God just as Israel's deliverance from Egypt was to Him. To deliver Israel from the bondage and slavery of Egypt, God killed the Passover lamb. To deliver us the believers, from the slavery of the world system and bondage to sin, God allowed His only begotten Son to be crucified and killed at the Passover.

To celebrate it, God wants to meet with us to release the strategies for maintaining our deliverance so we can stay delivered and saved, even amid the perversion and decadence in our society. The head of the month, at new moon, is God's appointed time and invitation for us to meet with Him monthly so we can gain new revelation for the month ahead and remain connected with Him. From today, as you seek God monthly at the strategic gate of every new month/moon. All that He has for you is released in Yeshua's name. Amen.

In Exodus 11:1, 4 and 5, God shows His complete plan for Israel's deliverance from Egypt. Total deliverance meant judgment of the idols and deliverance from the worship of the sun god and all other gods which they worshipped as slaves in Egypt. This meant their months and timing would no longer be under the influence of the sun or other elements worshipped as idols by the heathen and pagans. There was to be no more solar

system of the world, as seen today. May the Lord give us the grace to follow His calendar and no more man-made satanically inspired calendar. Amen.

The sun god is an idol. Let us, therefore, break away from the control and manipulation of our months from under the influence of all pagan gods. To do this, we must break away from false worship, astrology, horoscopes, sorcery, witchcraft, occultism, and divination. We must understand God's appointed times through the Biblical feasts, seek Him at the times appointed, and wait on Him by seeking Him in prayer, fasting, and meditation at the beginning of our Roman (civil) months; the first three days of every new Roman calendar month in order to revoke the dedications to idols and take over the gates of the months. Whoever mans the gate takes charge of the entire month. Receive grace from the Lord today to be an effective gatekeeper in Yeshua's name. Amen.

To possess the gates of the months, we meditate and feast with God on the day of the new moon, which marks the beginning of the Biblical month, and give Him our first fruit offerings. This is the first fruit celebration or new moon festival of the new month known in Hebrew as "Rosh Chodesh". Then fast, pray, meditate, and give special offerings on the first three days of the Roman month. As we do this every month, we secure the months. This sanctifies the months, and we can enter and receive the blessings of the month.

Being in God's timing is crucial to receiving from Him. Miracles occur speedily in God's time, just as the songwriter sang, "In His time, He makes all things beautiful."

I decree over your life today: as you keep this monthly appointment with God, your life is decorated and all things made beautiful for you. Amen.

Every month, there are special things God wants to bring forth into our lives that will propel us forward into our destiny. Each month has different characteristics and truths about God's timing. Therefore, as we position ourselves in feasting at the gates of the months during the new moon to mark God's Hebraic calendar, and at the beginnings of our civil months in fasting, we are drawn closer to God into a fresh experience of His blessing, and get back in sync with God and His Divine timing.

In the Roman and worldly calendar, there is nothing that brings us into divine alignment with God's appointed times. Hence, it is important to meet with God at this time of the month, and align with the purposes of God for us each month through strategic prayers, fasting, feasting, meditation, and giving of our first fruits and celebration as the case may be.
